

Helping YOU Decide

Choosing Your Future Career Path

- What interests me most?
- What am I good at?
- What are my favorite subjects in school?
- What values are important to me?
- What are my career interests?

Planning For Your Future Career Goals

- What careers best match my values, interests, abilities, and aptitude?
- What education/training does my career interest require?
- What courses offered in high school allow me to:
 - “try-on” my future career or college major?
 - learn skills that will help me to get a good job upon graduation?

Who Takes CTE Classes?

- Students who:
 - want to have hands-on experiences in future major/career field
 - want a head start with work based learning
 - have special interests and are doing a career exploration

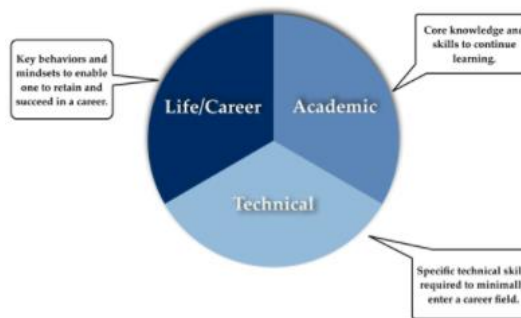

“THE FUTURE DEPENDS ON WHAT YOU DO TODAY.”

—Mahatma Gandhi

What is CTE?

Career and technical education makes a unique and essential contribution to student learning.

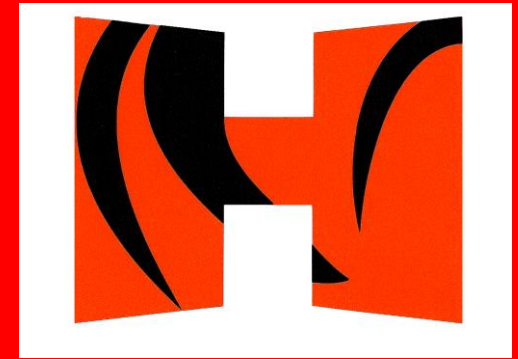

CTE is not a single subject area but a group of many distinct programs and courses that develop academic and technical skills in a variety of career areas.

While technical skills, as defined in the workplace, are the core; CTE instruction also provides students with opportunities to apply and reinforce core academic content learned in other subjects.

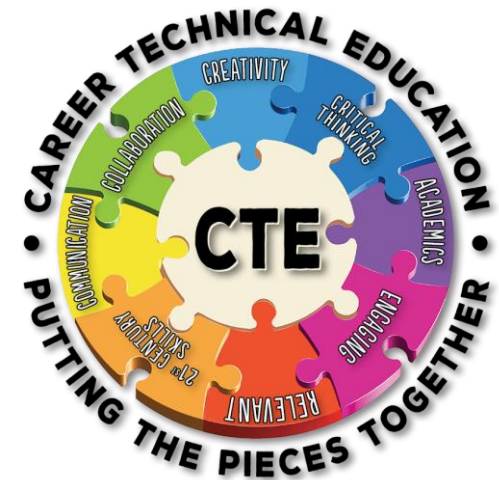

A third instructional component, called Life/Career, fosters the development of key behaviors and mindsets critical to career success. All CTE instruction blends these three instructional elements.

HERRIN CUSD #4

HERRIN HIGH SCHOOL

Williamson County Career and Technical Education

700 North 10th St. Herrin, IL 62948
